

Generator News 1/27/12

Better Power, Inc. - Your Generac Generator Wholesaler

Attention!!!

Due to the recent bad weather and power outages around the country, please call us before scheduling any installs to verify our current inventory in Rochester.

We have new shipments coming in frequently for stock orders we placed weeks ago, but they are selling out fast. We can reserve your orders on these incoming shipments with prepayment.

If we place a new order with the factory today, Generac is running 3 shifts, the current lead time is 6 to 12 weeks for Air-cooled Generators and 4 to 6 weeks for RTS Switches.

QT Product Updates: Engine changes

Generac QT25 and QT30 1.6L SOHC engine will be replaced with a 1.5L DOHC model.

Now 30kW on NatGas, 3db sound reduction at exercise, larger cooling fan, increased alternator insulation, better performance.

Generac QT48 4.2L V6 engine will be replaced with a 5.4L V8 model.

Now 48kW on NatGas, improved surge/recovery, larger engine results in longer engine life, increased fan speed, overhead cam 5.4L V8, redesigned excitation winding.

2 Day Training Class on Air-cooled Generators

June 5th & 6th

Emergency Power Systems, call Rebecca Collins at 585-464-6333 to register or for more information.
